## FTY-FIRST ASSEMBLY QUILTS MONDAY

### Only Few Members Return for Final Windup

[By The Associated Press.] SPRINGFIELD, Ill., June 30.—The fifty-first general assembly adjourned sine die at 1 o'clock this afternoon after a session since January 1918.

A few members of the assembly and a dozen senators returned for the final windup of the session.

Messages sent by Governor Lowden, including the bill legalizing boxing, were received without comment.

**Vetoed McDavid Bill.**—In addition to the boxing bill, Governor Lowden vetoed the McDavid bill granting school teachers a minimum wage of \$70 for the first year and \$80 thereafter.

The ground that school districts will be enabled by greater income under the Hicks bill and increased distributable funds to pay better wages without compulsion.

He wrote an opinion from Attorney General Brundage as to constitutionality. Governor Lowden signed the bill sent out by the senate agriculture committee.

It exempted farmers from the provisions of the conspiracy act and would be class legislation. Governor Lowden said it was a question for the courts to decide and annul.

He deprived the farmers of the right of collective bargaining in the sale of their products, he is selling to take whatever price offered. He therefore is not in position to deal equally with great concerns with whom he does business. The farmer is being largely with the product on his own.

Therefore, to the principle of collective bargaining as applied to men employed in other industries and to the farmer is unjust discrimination.

**Vetoed Few Items.**—The advantage was taken of executive prerogative to veto the omnibus bill and the measure was allowed to stand as passed by the legislature.

The bill provided for departmental and other expenses. It was vetoed by the governor.

## Again Report Crown Prince Has Escaped

BRUSSELS, June 30.—(By The Associated Press.)—The former German crown prince Frederick William escaped from the island of Wieringen Sunday, according to an Amsterdam dispatch to the Solr.

The flight of the former German crown prince from his place of internment has been expected, as it was reported in various dispatches that preparations were under way for his hasty departure on the signing of the treaty of peace.

Several vessels were said to have been lying off the island. Once before, on June 26, it was reported thru the British intelligence department that Frederick had left the island and proceeded into Germany.

## WILL NOT TRY TO STOP SALE OF LIGHT BEER

### Department Awaits Rule of Courts on 2 1/2 Per Cent Beer

[By The Associated Press.] WASHINGTON, June 30.—As war time prohibition took effect tonight the department of justice announced that its agents throughout the country would not attempt to stop the sale of two and three quarters per cent beer.

This eleventh hour development, a flat reversal of an earlier ruling today by the department was due to the uncertainty as to how the federal district court at New York might rule on a pending claim by brewers that beer containing that much alcohol was not intoxicating.

Give Full Warning. But while this uncertainty existed as to beer of lighter alcoholic percentage than that sold generally heretofore, full warning was given that with respect to whiskey and all beverages as to whose intoxicating powers there was no doubt, every governmental agency would be set to work in a determined effort to prevent their manufacture and sale.

How long sale of two and three quarters per cent beer might continue would depend ordinarily upon the speed of the courts, but congress meanwhile will step to the front in an effort to complete the effectiveness of the war time law.

Exactly what they have refused heretofore to do, prohibition members of the house now will attempt—passage of a straight, clear cut bill for enforcement of wartime prohibition.

When word spread tonight that the attorney general by his ruling had permitted beer saloons and breweries to remain in operation, members of the judiciary committee counted noses to find a sufficient number ready to go to the front to demand separation of the enforcement measures so as to get thru at once a bill that would stop the sale of all beer containing more than one half of one per cent alcohol.

Congressional leaders, it was said, refused to abandon plans for a recess beginning tomorrow in order to put the bill thru as an emergency measure and the whole question of prohibition will be held up until next Monday, at the earliest. There were indications tonight that a hard fight would be made in behalf of an amendment to be offered by Representative Igoe, Democrat of Missouri, which would permit the president to set aside the war time act insofar as it relates to light wine and beers.

Committee Makes Report. While the attorney general's staff was wrestling with the question of intoxicating and non-intoxicating beer the judiciary committee today adopted a platform protesting against the Smith Tower bill.

"Federation of all school monies," says the platform, "the essential feature of the Smith Tower bill is the death knell of educational freedom."

Federal co-operation with free and self controlled educational activities is welcomed, continues the platform, but "domination we condemn as educational tyranny."

It refers to the Smith Tower bill as a continuation of "the educational tyranny of Bismarck," and predicts that the bill will employ all legitimate agencies of the final sanction of the ballot box against the proposed measure.

NEW COUNCIL OF FOUR MEETS TODAY. PARIS, June 30.—(By The Associated Press.)—The new council of four consisting of Stephen Pichon, the French foreign minister; Robert Lansing, American secretary of state; Arthur J. Balfour, the British foreign secretary; and Tommaso Tittoni, the Italian foreign minister, will meet tomorrow afternoon to outline the method of procedure of the peace conference which is likely to undergo many changes.

M. Pichon will be chairman of the council. The missing clauses in the Austrian treaty probably will be delivered to the Austrian delegation before the end of the week but it seems unlikely that the treaty can be signed before July 31, at the earliest.

## Riots At Brest Cause 2 Deaths; Many Wounded

BREST, June 30.—Two French civilians were killed and five American soldiers and sailors were injured and more than 100 wounded in riots here last night. Two of the American soldiers are expected to die.

The casualties occurred as a result of the exchange of shots between American military and naval police and French sailors.

The trouble began, according to available accounts, when an American naval officer, who is said to have been drinking heavily, tore down a French flag and trampled on it. A crowd of Frenchmen attacked the officer and it is said kicked and beat him until he was unconscious.

American officers who passed by and who were not aware of the cause of the fight went to the aid of the naval officers. The fight then became general.

A mob of French civilians and soldiers and sailors attempted to rush the Hotel Modern where American officers were quartered. They burned a sentry box and threw stones at Americans in uniform wherever they found them. The Americans, it is said, retaliated.

A company of marines with fixed bayonets was hurried to the scene and the Americans soon restored order.

Admiral Henri Salaun, the French naval commander at Brest, ordered the marines to return to their quarters. As the marines marched back to their quarters, it was declared they were pursued by a mob throwing stones and bricks.

SEVERAL WAR BRIDES ON WILSON'S SHIP. ON BOARD THE U. S. S. GEORGE WASHINGTON, Sunday, June 29.—By The A. P.—Via Wireless.

Several thousand returning American soldiers and a score of pretty French war brides are on board the President's ship on its voyage to the U. S. Some of the soldiers who were members of the guards at the Paris white house and the Hotel de Crillon headquarters of the American delegation were married during their sojourn in Paris.

The regulations provided no means for the brides to accompany their husbands aboard the George Washington and for a while it seemed that they might get left behind. A tearful dispatch from the brides to President Wilson, however, led to the making of arrangements for their accommodation and they are one of the happiest novelties of the voyage which so far has been in perfect weather and a calm sea.

Farwell messages were received by President Wilson from King George of England, King Alfonso of Spain and the Emperor of Japan. The one from King George makes allusion to the "American and British people brothers in arms, who will continue ever in peace."

PROTEST AGAINST SMITH TOWNER BILL. PERU, Ill., June 30.—The Benedictine Educational Association representing sixteen states today adopted a platform protesting against the Smith Tower bill.

## Wilson Signs Several Bills Aboard Ship

WASHINGTON, June 30.—President Wilson signed the railroad appropriation bill, the Indian bill, some minor measures and other documents which needed signature to become law before July 1 in mid-ocean at 8 a. m. Greenwich time, today.

Signs at 1:15 A. M. On Board the U. S. S. George Washington, June 30.—(By Wireless to the Associated Press.)—It was at 1:15 o'clock this morning (ship's time) that President Wilson, en route home from Europe, signed the Indian appropriation bill and the railroad deficiency bill.

At his present rate of progress the George Washington will arrive at Hoboken at noon Monday next.

The Transport Great Northern with mail pouches direct from the white house in Washington containing the Indian and the railroad bills have in sight early this morning. The meeting at sea between her and the George Washington had been previously arranged by wireless Rear Admiral Grayson and Joseph P. Tamm, secretary to the president, engaging in the wireless correspondence. The Great Northern approached on the port side and presidential fleet then came to a stop and a destroyer transferred to the mail bags to the president's ship.

The bills awaiting the president's signature and documents relating to much of other government business were soon spread on the president's desk for his attention.

In addition to two important supply bills there were a number of army and navy court martial reports and several reports from the department of justice.

The last day of the fiscal year thus found the president handling current affairs in mid-Atlantic.

The first time in history that such operations of receiving and signing bills in mid-ocean had occurred was commented upon on board as making another record-breaking advance in modern methods of communications.

ARMY AVIATOR FALLS TO DEATH. COBLENZ, Sunday, June 29.—(By The Associated Press.)—Captain Walter Schultz, of Chicago, Ill., a member of the 138th aerodivision was killed Saturday evening when an airplane in which he was distributing an extra edition of the Amarco News, the soldiers' daily newspaper, announcing the details of the signing of the treaty of peace, fell near Montauban, headquarters of the first division.

Captain Schultz volunteered to carry copies of the extra edition to soldiers who for more than a week had been concentrated at the edge of bridgehead. The accident is attributed to engine trouble.

Captain Schultz came over seas with the Third cavalry, being transferred to the air service a year ago.

CARPENTIER MAY FIGHT DEMPSEY. PARIS, June 30.—George Carpentier has received by cable from Tex Rickard, the boxing promoter, an offer of \$45,000 for a match with Jack Dempsey in the United States in January next.

Club Arranging Match. Toledo, O., June 30.—The proposal to match Jack Dempsey and George Carpentier is being considered by the informally organized national sporting club of New York and not Tex Rickard, according to a statement by the promoter of the Willard-Dempsey match today.

"I have not offered Carpentier anything personally," said Rickard. "But I authorized the club which is being formed in New York along the lines of the National Sporting Club of London to use my name in negotiations with Carpentier if it was thought it would be of assistance."

TRANSPORT FINLAND DOCKS AT BOSTON. BOSTON, June 30.—The transport Finland with 3,545 troops and 26 civilian employees of the war department, arrived today from Brest. Lieut. Col. William O. Reed of the Third cavalry commanded the troops which were composed largely of cavalry and field artillery units.

On board were the third cavalry; battery B of the third field artillery; batteries A and E and the headquarters company of the 75th field artillery.

EIGHTEEN AMERICANS KILLED IN RUSSIA. WASHINGTON, June 30.—Eighteen American soldiers were severely wounded and 18 slightly wounded in an engagement with anti-Kolchak forces near Romanovka on June 25.

Major General Graves, commanding the American expedition in Siberia, informed the war department today that the engagement followed an attack by the Bolsheviks on railroad guards.

PRINCE ENTERS MONASTERY. MUNICH, June 30.—Prince George, eldest son of Prince Louis of Bavaria, has entered a Jesuit monastery at Innsbruck, according to newspaper reports.

## BORAH CHARGES BIG BANKERS SPONSOR LEAGUE

### Alleges Lamont Purchased New York Paper as Part of Propaganda

[By The Associated Press.] WASHINGTON, June 30.—The league of nations covenant and the influence at work to secure its acceptance by the United States furnished the vehicle today for another long debate in the senate.

Renewing his charge that international bankers are sponsoring the league for selfish purposes, Senator Borah, Republican of Idaho, charged that Thomas W. Lamont, a partner in the Morgan banking house had purchased the New York Evening Post as part of a propaganda to force senate acceptance of the covenant.

He charged that the league to enforce peace, headed by Former President Taft, also was controlled by the bankers.

Hitchcock Defends Taft. Senator Hitchcock, Democrat of Nebraska defending Mr. Taft, and his organization replied that not only business men but organized labor, the churches, the farmers and the people generally were demanding ratification of the covenant.

Every test of popular opinion that had been taken anywhere he said had shown an overwhelming sentiment for the league.

The league covenant was defended also by Senator Gerry, Democrat of Rhode Island, in a speech declaring it the only hope of Europe during reconstruction, and was attacked by Senator Fall, Republican of New Mexico, who declared he could not vote for its ratification without violating his oath as a senator.

Debate Occupied Session. The debate occupied virtually the entire day's session. Senator Borah declared that before the debate on the league closed he would show that big financial interests were in conspiracy to exploit the natural resources of Europe and have the United States underwrite the investment.

"The mask of hypocrisy will be torn off," he said, "and even the sacred name of an ex-president cannot be used to protect the men who propose to sell out this country."

The Idaho senator read from a publication of the league to enforce peace a statement that three-fourths of the contributions to that organization came from business men and said that while the name of Kuhn, Loeb & Co., was not among the concerns mentioned he had evidence that it should be.

Reading a letter which he said had been sent to agents of the league urging that telegrams and representatives be sent to Washington to aid in influencing senatorial opinion, Senator Borah said:

"Yet these people are determined that there shall be no popular vote upon this proposition, while they organize for the purchase of having certain influential gentlemen come here to confer with senators and create a false impression."

Present Mass of Figures. Senator Hitchcock presented a mass of figures and many resolutions designed to show an overwhelming sentiment for the league.

The Nebraska senator gave the results of several newspaper polls taken favoring the league. He also referred to the overwhelming vote in its favor at the recent convention of the American Federation of Labor and read resolutions endorsing it passed by the federal council of churches of Christ, the church peace union, the Presbyterian General assembly, the Methodist Episcopal Bishops, the Baptist Church of the North, and the International Federation of Catholic Alumni.

The National Woman Suffrage association the Federation of Women's clubs and many other women's organizations, he said, had approved it. He also asserted the farmers were for the league, the American Agricultural association having endorsed it and a poll of the editors of agricultural papers showed sixty-six unqualifiedly for the league and one unqualifiedly opposed with three non-committal.

He argued also that returning soldiers were in favor of the league in response to a query from Senator Kenyon, Republican of Iowa, he said he had no figures on the subject.

Senator Kenyon said he had received a letter from a minister declaring an "unholy vote" against the league. "I believe in off and on voting for it," he would say. "I want to inform you that I am a senator, for I am not a minister."

That proclamation regarding the premature explosion of fire works and fire crackers or fire seem to have prevented their explosion at all hours of the day and night.

Jacksonville seems to be more enthused regarding the "Home-Coming" on the Fourth of July than it has been for many years and a great crowd is anticipated.

The wheat harvest in this vicinity is progressing splendidly and farmers will be in the best of humor to join in the "Home-Coming" on the Fourth.

Decorating the public places of the city has already begun, but the finest will be that splendid crowd of "boys in khaki" that will be in the procession. Every citizen is proud of them and wants to show that he is.

That "Old Booze" is dead will not particularly affect Jacksonville.

### WELL PUT.

Dr. Charles Alexander Richmond, of Union college, in his baccalaureate sermon, put the League of Nations matter in a sensible light when he said:

This is a very old world and human nature is as old as the world and will still remain human nature.

Nations cannot be merged into a supernational. Love of country will still be localized. There will still be friends among nations as there are friends among men.

The world has no use for the dilettante idealism that prates and poses, that meets in luxurious drawing rooms in evening dress to flirt with bolshevism as a dangerous but fascinating pastime, as children play with fire. There are enemies of this republic and they should be dealt with as enemies. And we have as little use for the well meaning idealist whose passion for humanity blinds him to realities who has not the daring to face the facts of life.

Vapors thrown off by an overfed fatuity of mind are sometimes mistaken for visions.

### THE BATTLE OF GETTYSBURG.

Today is the fifty third anniversary of the beginning of the battle of Gettysburg, after the Union forces had suffered severe defeats at the hands of the Confederates at Fredericksburg and at Chancellorsville. Under command of General Hooker it had

retreated and encamped on the banks of the Potomac to guard Washington. Encouraged by their success, the people of the north urged Lee to invade the northern states and gain a decisive victory. About the 1st of June yielding to popular demand Lee left his encampment near Fredericksburg and marched his army west to the Shenandoah Valley and then northward into Pennsylvania. The Union army left the banks of the Potomac and under General Meade, who replaced Hooker, marched northward to protect Philadelphia. Both armies desiring a decisive battle manoeuvred to get an advantageous position. The hills outside of the little town of Gettysburg were chosen by both commanders and unknown to each other Lee's advance force and the advance force of Meade came together on the level ground west of the town. The main bodies of the armies were about twenty-five miles apart and when the first conflict between the advance guards took place reinforcements were steadily sent up to both sides. The preliminary skirmish of the three days battle of Gettysburg lasted for six hours and ended in the Union forces retreating to a strong position on Cemetery Hill. The final victory was one that turned the tide of war and helped achieve the victory.

### THE CONSTITUTIONAL CONVENTION.

A copy of the law recently enacted by the Illinois legislature providing for a constitutional convention has been received. Summarized its most interesting provisions are as follows:

The convention will meet at 12 o'clock noon, January 5, 1920, in the hall of the representatives of the general assembly in Springfield.

Under the law the convention will consist of 102 delegates, two delegates to be chosen from each senatorial district. Delegates shall possess the same qualifications as state senators and the governor shall issue writs of election to fill vacancies in the convention.

A primary election for the selection of candidates for delegates will be held September 19, next, and the provisions of law applying to the nomination of candidates for state senator will apply in the selection by delegates. Vacancies created by death or declination to run for the office are practically in the same way as in the case of state senators. Independent nominations for delegate may be made as provided by law for independent candidates by petition.

The delegates will be chosen at an election to be held November 4, and the law governing the election of state senators will apply. The officials charged with the duty of issuing certificates of election in the case of state senators will issue certificates of election to the delegates. Election contests will be heard and determined by the convention. Each delegate before entering upon his duties shall take an oath to support the Constitution of the United States and the State of Illinois and to discharge faithfully his duties and the delegates shall be privileged from arrest except in cases of treason, felony or breach of the peace, and they shall not be questioned in any other place for any speech or debate in the convention.

The law provides that each delegate shall receive for his services \$2,000 payable at any time after the convention is organized. In addition each delegate is to receive mileage as paid to members of the general assembly and \$50, which shall be in full for postage, stationery and all other incidentals.

The remainder of the law deals with details of election and organization which are of no interest to the general reader.

hot; for I was nearly always fired from every job I got. I suffered many a grievous shock before I learned to see that one o'clock is one o'clock and three o'clock is three o'clock. I loomed up late for work each day and thought that fact no crime; but when I went to draw my pay, I always was on time. The boss would say, "At half past two, do this or that other chore," and I'd reflect, "That stunt will do as well at half past four." So I was always being fired, as you will understand; no sooner was I nicely hired than I was neatly canned. It took me long to realize that promptness is a thing that all the merchant princes prize, and all wise poets sing. It took me long to grasp the truth that heedlessness of time is fatal to aspiring youth who'd reach a goal sublime. I'd waste the golden hours in talk, and seldom kept a date; if I was due at six o'clock, I'd make my bow at eight. Then I resolved to mend my ways, these facts were realized; and I lined up with happy jays whose services are prized.

### HUGH TRUCK

#### COMING TODAY

A huge truck which is being sent by the Goodyear Rubber Co. of Akron, Ohio, to the Pacific coast will visit this city today and will doubtless attract a great deal of interest. The trip is being made as a demonstration of the value of pneumatic tires when used on heavy trucks of this type. The truck with which the truck is equipped are 40 by 19 inches and the cost for tires alone is \$1,200, the rear tires costing \$800 a pair and the front ones \$400 a pair. These figures include the cost of the inner tubes which is about that paid by the ordinary motorist for his casings.

The truck, which is a three and a half ton machine, is equipped with a body as large as the ordinary circus hippopotamus wagon, and truck and body together weigh seven tons when empty. The machine makes an average of fifty-five miles an hour on good roads, but ordinarily the rate of speed is lower than this.

R. T. Cassell now has the exclusive agency for the sale of Goodyear tires in this territory.

We will have a nice lot of fresh picked black raspberries for canning today. Call Cannon Produce Co.

### SOLDIERS RETURN

Corp. Earl S. Hutson arrived safely in New York Monday, according to a message received by Mrs. Hutson of 1260 South Main street. The soldier has gone to Garden City, L. I., and is expecting an early discharge. Corp. Hutson has been in the service since December, 1917, and was overseas for practically one year. He is a mechanic in the aviation corps and was in several of the most active war zones during his stay overseas. Mrs. Hutson prior to her marriage to Corp. Hutson just before he left for overseas service, was Miss Ruth Weber.

Corp. Robert Burdick reached New York Sunday and is now at Camp Mills awaiting his discharge. This was the good message received by his parents, Mr. and Mrs. C. F. Burdick, of Woodland Place. It was in December, 1917, that Corp. Burdick enlisted and went over in June, 1918. With the 6th company, 3rd regiment in the air service he had part in some of the principal battles of the war but was fortunate in escaping without injury.

Sergt. Fred Bray is another of the Morgan county soldiers who has reached the U. S. A. A message to this effect came to his mother, Mrs. H. E. Bray, Sunday. Sergt. Bray is now at Camp Jackson and will probably reach Jacksonville at no distant day. He has been attached to the medical service of the army and was on of the first Morgan county men to enter the service.

## How Do We Get Quality

The thought that a baker can produce QUALITY goods with inferior ingredients is wrong. Therefore, the first aim of this bakery is to purchase first class raw materials; secondly, there must be skilled workmen.

A master baker is at the head of this institution. Assistant bakers may come and go but our quality goes on as before. The best skill of the bakers science goes into our products always, and they are always dependable. Because, should a finished product be found wanting on completion it is sold at a reduced price and not sold to you as a quality product.

## WILL AID JULY FOURTH PROGRAM "First Ward Fellows" Will Give Cheers and Songs at Home-Coming Event.

As mentioned before, the "First Ward Fellows" is an organization of boys and girls of the first ward who are preparing a special program for the Fourth of July under direction of Mrs. W. P. Duncan and others. There are twenty girls and twenty boys in the club, and their program is going to be really worth while. The cheer that they will give at intervals during the parade will be:

Welcome Home! Soldier Boys!  
We gladly welcome you today;  
Welcome Home! Our Heroes!  
Honor and gratitude are yours  
We say  
Welcome Home!

They have been practicing this cheer now for a number of days and give it with a force and vim which is certain to add to the parade enthusiasm.

At Nichols park the First Ward Fellows will sing Dr. Henry Van Dyke's "Home Again." The verses of this beautiful poem are given herewith:  
Oh, gallantly they fared forth in khaki and in blue,  
America's crusading host of warriors bold and true;  
They battled for the rights of man beside our brave allies,  
And now they're coming home to us with glory in their eyes.

Refrain:  
Oh, it's home again, and home again, America for me!  
Our hearts are turning home again, and there we long to be.

In our beautiful big country beyond the ocean bars,  
Where the air is full of sunlight and the flag is full of stars.

Our boys have seen the Old World as none have seen before.  
They know the grisly horror of the German gods of war!  
The noble faith of Britain and the hero heart of France;  
The soul of Belgium's fortitude and Italy's romance.

They bore our country's great word across the rolling sea,  
"America swears brotherhood with all the just and free."  
They wrote that word victorious on fields of mortal strife,  
And many a valiant lad was proud to seal it with his life.

Oh, welcome home in heaven's peace dear spirit of the dead.  
And welcome home, ye living sons America bred!  
The lords of war are beaten down your glorious task is done;  
You fought to make the whole world free, and the victory is won.

Last Refrain:  
Now it's home again, and home again, our hearts are turning west;  
Of all the lands beneath the sun America is best.  
We're going home to our own folks, beyond the ocean bars,  
Where the air is full of sunlight and the flag is full of stars.

The Tageblatt says: "The German people reject the treaty which its delegates are signing today and it does not believe for a single moment it will endure. WHITE-HEMBROUGH  
WEDDING SOLEMNIZED

Miss Belle Hembrough becomes wife of Dale Arthur White at Pretty Home Wedding Monday Evening—Young People Will Reside on Farm in Woodson Precinct.

A very pretty home wedding was solemnized Monday night at

the home of Mr. and Mrs. John D. Hembrough of the Asbury neighborhood, when their daughter, Miss Belle Hembrough, became the wife of Dale Arthur White. It was a military wedding, as the groom has only recently returned from overseas service in the army. The ceremony was performed in the spacious parlor of the home, beneath a canopy of flags. Mr. White was in uniform and the whole ceremony had that distinctiveness which nothing but the military touch can give. Rev. W. W. Randle, pastor of Brooklyn and Asbury churches, performed the ceremony in a very impressive way, with only immediate relatives and friends present as witnesses.

The bride and groom to be entered the parlor as the music of the march from Lohengrin sounded. At the piano was John Hembrough, Jr., now in the navy service and just off the Flagship Dolphin of the American Patrol. The young man had been granted a few days' leave in order to be present for the marriage of his sister.

The bride's gown was of white georgette crepe and handsomely trimmed and she carried a bouquet of bride's roses. Mrs. White graduated from the Jacksonville high school in the class of 1917 and is in every way an admirable young woman. For several years she has served very acceptably at pianist at Asbury church and has been otherwise interested in the church activities.

Mr. White, who is the son of Mr. and Mrs. T. J. White of the Woodson neighborhood, is a young man of strong character and is rightly held in the utmost esteem by those who know him best.

The young people are to immediately begin housekeeping on a farm in Woodson precinct and begin their married life with the

good wishes of a large company of friends. Their marriage unites two families well known in the southeast part of Morgan county.

The floral offerings which were especially beautiful, were in charge of Mrs. Mabel Hart, Mrs. Arthur Rawlings, Mrs. Oscar Harmon and Miss Martha Patterson.

The minister in the course of his remarks paid a tribute to the exemplary life which the deceased had lived, and had many words of comfort for the grief-stricken ones. Interment was in Franklin cemetery. Masonic lodge of Franklin having charge of the services at the grave. The full burial ceremony of the order was carried out C. P. Rose of this city and Luther Wiley, of Franklin, officiating.

The honorary pall bearers were all Civil War veterans and were as follows: J. W. Luttrell, John Criswell, James Rountree, Manuel Jolly, John B. Seymour and H. G. Kepling. The active bearers, members of the Masonic order, were Walter Read, H. M. Tulpin, John Bland, William Wells, Marion Spires and James Kennedy.

The ladies' bath house at Nichols Park is open today for the season. Come out and enjoy yourselves.  
MULLENIX & HAMILTONAEROPLANE COMING BY  
COURTESY OF WAVERLY

One of the good features of the home-coming entertainment program will be the presence of an aeroplane from Scott field, in charge of Lieut. Martenstein. Incidentally it should be mentioned that this feature is coming to Jacksonville by courtesy of Waverly. It was the original intention of Waverly to have a Fourth of July celebration and then when the all-county plan was inaugurated Mayor W. R. Turnbull suggested to E. E. Crabtree that the Waverly aeroplane might be turned over to Jacksonville.

This change was made with the authorities at Scott field, and so Lieut. Martenstein is to arrive here Friday morning at 9:30 o'clock. He will give an exhibition flight over the city and follow the line of march to Nichols park.

After the flight the lieutenant and mechanic will eat dinner with the soldiers and sailors and will probably take part in the ceremony after the dinner when the bomb will be shot releasing the parachutes and American flags in the air for the deceased soldiers.

The Goodyear Tire Co. will be here Tuesday with a truck used by the government between Boston and New York, at R. T. Cassell's.

M. L. Mackey has gone to Columbus, Ohio, for a week's visit. Mr. and Mrs. John Farrell and daughter Miss Loretta of Murrayville entertained Sunday at dinner the following guests in honor of Mr. and Mrs. F. J. Farrell and daughter Marie of Newark, New Jersey; Mr. and Mrs. Thomas Farrell and family, Mr. and Mrs. Richard Ryan and children, Mrs. Harney, Mr. and Mrs. Dwyer, Miss Lucy Metzger of Winchester, Mr. and Mrs. Charles Doan, Mrs. Ella Sherry, Miss Mae Sherry and Miss Catherine Walsh of Jacksonville.

Mrs. John S. Hackett and daughters Miss Ruth and Maude left for an extended visit to the east. They will visit Concord, N. H., summer resorts on Lake Winnepesaukee, York Beach, Maine, and other eastern points before their return. Mr. Hackett will join them later.

Capt. Wesley James had the men of Co. C. out for an outdoor drill last night. This drill was somewhat in preparation for the coming encampment. The men are to go into camp July 19 for one week. Capt. James last night read special order No. 98 as follows:

"The following men of Co. C, 6th Infantry are hereby honorably discharged from the Illinois Reserve Militia: Sergt. J. A. Walters, Privates F. H. Cogswell and C. J. Drury. Discharged without honor, H. W. Sparger."

The order is signed by F. S. Dickson, adjutant general. The captain is having some difficulty in the matter of attendance at drills and announced last night that some strict methods will be followed if necessary to bring about the necessary drills.

Mrs. T. H. Marsh and children are here from Decatur for a visit at the home of Mrs. Marsh's parents, Mr. and Mrs. S. T. Anderson.

## INDEES WIN LOOSE GAME FROM SPRINGFIELD

Locals Playing a Weird Game  
Defeated Paris Cleaners by Score of 11 to 6—Game Was Featureless—Portmans Failed to Come.

Weird playing on both teams marked the contest between the Indies and the Paris Cleaners of Springfield, at Indies Park Sunday afternoon. Neither team seemed to be in its proper stride and the result was a game marked by many errors.

The Portman team of Peoria was scheduled for the game but several of the players were mixed up in an automobile accident Saturday evening. However the manager did not notify Manager Smith of this until 11 o'clock and he immediately got in communication with Springfield and got the Paris Cleaners for the game.

There was not much to the game from a playing standpoint. The players of both teams seemed to have an off day except Dick Wheeler, first baseman of the Indies. Wheeler had a busy day, getting fifteen putouts and he had some awful pegging to grab from his teammates on the infield.

How the Runs Were Made.  
Jacksonville scored six runs in the first inning. Dick Ruble had the doubtful honor of making the first and last out in this inning. After he had gone out from the pitcher to first, Wheeler walked and Wilkerson was hit by a pitched ball. Briggs infield single, scored Wheeler. Riggs singled and Wilkerson scored. Christopher singled and Briggs dented the platter. Smith walked and stole second after Christopher had taken third on a passed ball. Clark singled and Smith scored. Simms struck out and Ruble followed suit.

The locals scored two in the third on Riggs double and Smith clout over the field fence.

Wilkerson's single, a stolen base, an error and a passed ball registered one in the fourth. Ruble's single, an infield error and a muffed fly scored one in the sixth. A base on balls to Christopher, his steal of second and third and an error scored the last run in the seventh.

Springfield scored two in the fourth on a base on balls, a stolen base, an error, a missed third strike and an outfield fly. A base on balls a stolen base, a triple and a single brought two over in the fifth. Three errors and a fielder's choice brought over two in the eighth. The score:

## KEARNS WOULD BAR "RABBIT PUNCH"

TOLEDO, Ohio, June 30.—Barring of the "rabbit punch" one of Champion Jess Willard's favorite deliveries will be demanded by Jack Kearns, manager of Jack Dempsey, before he allows the challenger to enter the ring with Willard in their heavyweight championship here July 4. Kearns made known his decision tonight.

The punch is a blow delivered to the back of the neck while the men are fighting in clinches with at least one arm free. Both Willard and Dempsey have been using it with punishing effect in their training bouts and Manager Kearns claims that while the blow is a favorite with the champion, it is not all that important in Dempsey's repertoire of punches.

Such a delivery is barred and has been forbidden in big fights. The rules of the Toledo Boxing commission are silent about this punch.

The blow however, is permissible under the Toledo rules if the boxers are not locked in an embrace.

Some idea of the size of the arena can be gained by the fact that altho the receipts already exceed \$500,000 not more than one-third of the seats have been disposed of to date.

Betting on the result is not as great as has been the case in some previous heavyweight championship contests. There is a noticeable absence of Willard backing while there is all kinds of Dempsey money with the result that the challenger's supporters do not ask odds, being satisfied to cover Willard coin at about evens.

## The Whole Secret of A Better Tire

Simply a Matter of the Maker's Policies

This you will realize—once you try a Brunswick—that a super-tire is possible only when the name certifies that the maker is following the highest standards.

For tire making is chiefly a matter of standards and policies—cost plus care. Any maker can build a good tire if he cares to pay perfection's price.

All men know Brunswick standards, for Brunswick products have been famous for 74 years.

Formulas, fabrics and standards vary vastly in cost. Reinforcements, plies and thickness are a matter of expense. And these variations affect endurance. It rests with the maker how far he wishes to go—how much he can afford to give.

For there are no secrets nor patents to hold one back.

To ascertain what each maker offers one must analyze and test some 200 tires—as our laboratories have done.

Then it is a matter of combining the best features and building according to the highest standards.

Once you try a Brunswick you will understand how we have built model tires, regardless of factory expense.

Yet Brunswick Tires cost you the same as other like-type tires

### CITY COUNCIL IN REGULAR SESSION

Claims Ordered Paid When Funds are Available—Reports of Officers Received—Many Matters Discussed.

Approval and ordering payment of claims, receiving of officers' reports and a general discussion of municipal affairs marked the proceedings of the city council at the regular session Monday evening.

One of the most important matters to come before the council was the report of Ald. Williamson on the matter of vacating Duncan street. This was referred to the Second Ward aldermen at the last meeting to investigate and report.

Ald. Williamson stated that investigation was had of the proposed vacation and that it was thought best not to recommend it. In making the report the alderman said that it could not be seen where the vacating of the street would result in any public benefit.

#### The Proceedings.

Roll call showed all members present, Mayor Crabtree presiding. The minutes of the last regular meeting were read and approved.

A communication from the Hartford Steam Boiler Insurance Company relative to the inspection of the boilers of the light plant was read and received and placed on file.

E. F. Johnston presented a petition from property owners of North Church street asking that the council urge expedition in the building of the pavement in that thoroughfare. The petition was received and placed on file and Mr. Johnston was informed that the council would do everything possible to get the pavement completed.

An official invitation was read to the council to take part in the parade and Home Coming celebration. The invitation was also extended to the council to bear the gold star banner in the parade. On motion of Ald. Chapin seconded by Ald. Williamson the invitation was accepted.

**Building Committee Appointed.** Mayor Crabtree stated that Scott P. Carter had asked permission to build an extension to a wooden building in the fire limits in East Morgan street. The mayor said upon consulting the ordinances that he found there should be a building committee in the standing committees and he named Ald. McGinnis, Gray and Ehnie and the matter was referred to this committee with power to act.

Claims against the city were read and on motion of Ald. McGinnis seconded by Ald. Flynn all those properly approved were ordered paid when funds were available.

The report of Acting Chief of Police Kiloran showed 26 arrests, City cases 22; state cases 4. John E. Pires, sexton of Jacksonville cemetery reported 7 interments for the month and 10 of Harry Summers, sexton of Diamond Grove cemetery, reported 20 interments. The reports were received and placed on file.

Ald. Cain presented a request from the police committee in regard to the keeping clear of certain streets on July 4. The request appears elsewhere in this issue.

#### Walnut Street Walks.

Ald. Williamson reported that he had investigated the sidewalk controversy in West Walnut street. He said there were three ordinances now passed and that he would recommend a walk on the south side of the street between North Main and North West streets.

Ald. Williamson seconded by Ald. Cain moved that notices be sent to property owners where ordinances had already been passed to build walks before August 1st and that an ordinance be drawn for a sidewalk on the south side of West Walnut street between North Main and North West streets. On roll call the motion carried by unanimous vote.

#### Vacating Duncan Street.

Ald. Williamson also reported on the matter of vacating Duncan street. The alderman said that in company with Ald. Graft they had inspected the street proposed to be vacated and that he could not see that it would be of any public benefit. Mr. Williamson also said that it was thought that any move on the part of the city to vacate the street might result in litigation. Therefore they recommended that the street be not vacated. On motion of Ald. Moore seconded by Ald. Ehnie the recommendation was concurred in.

Ald. Flynn reported that the wagons about which complaint had been of being left in the streets had been removed.

#### Citizens Address Council.

C. F. Doying, C. P. Ridgway, Charles Cobb, J. C. Wood, H. Herrington, George Hamilton were called upon and spoke briefly.

Mr. Hamilton spoke of the condition of North East street and asked the council to take up the matter of getting the crossings on that street in repair. Mr. White said that they were not thru work on the street but that to repair the crossings would cost considerable money.

Mr. White also said that the in for soliciting for funds to work the streets of the city the committee had found that it interfered with the solicitors for the Home Coming celebration and had stopped until after July 4th. He also called attention to the need of cutting weeds and said something should be done soon.

The matter of hauling cinders and dumping them in North East street was brought up by Ald. Williamson and Mr. White. Jacob Cohen has the contract for moving the cinders for the Wabash railroad and wanted permission to place them in the street. On motion of Ald. McGinnis seconded by Ald. Flynn the matter was referred to the highway committee with power to act.

There being no further business the council on motion adjourned.

### PLAN FOR HEALTH CAMPAIGN IN CITY

Government Representatives Here To Make Preliminary Arrangements.

G. R. Ainsworth, representing the United States Public Health Service of the treasury department at Washington, D. C., arrived in Jacksonville yesterday to make arrangements for an educational campaign against social diseases. Mr. Ainsworth today will seek the co-operation of Mayor E. E. Crabtree, the health authorities and other officials to insure the success of the campaign. He hopes to launch the campaign within the next two weeks.

At the conclusion of the war federal health authorities began a country-wide campaign to rid the nation of social diseases. The idea of the campaign sprang from the fact that many of the young men examined for the army were found to be victims of the disease. Campaigns, such as Mr. Ainsworth will launch here with the co-operation of the local authorities, will be launched in virtually every city in the country.

In connection with the campaign a motion picture entitled "Fit to Win" will be shown at one of the local theaters. This picture was made under the supervision of Surgeon General Rupert Blue of the United States Public Health Service. The picture has been declared one of the best educational films in existence. It treats of social diseases without gloves, calls a spade a spade, and shows the ravages of the disease. The picture itself is entertaining as it portrays a romance which deals with love, failure, disgrace, war and life made worth while because of clean habits.

The picture has been seen by about 100,000 persons in St. Louis, where it was exhibited after Mayor Kiel of St. Louis and others had endorsed it and had joined in the educational campaign. The picture at first was opposed by some St. Louisians who endeavored to halt the showing of it on the ground it was indecent. A committee of business and professional men, police authorities and Mayor Kiel and others witnessed it at a private showing and declared it was not indecent.

#### RETURNS FROM KANSAS

W. D. McCormick is at home again after a visit at the Kansas home of his son James. Farming operations in that locality are very satisfactory this year. Just now the corn is in need of rain.

#### NOTICE

On July 4th during the formation and until after the parade, no vehicle will be allowed to park from Diamond street to the square on West State street nor on the square nor from square to Jacksonville State Hospital on South Main street.

Between the hours of 7:00 a. m., and 10:00 p. m. no vehicles will be allowed to park on State street from West street to East street — on Main street from North street to College avenue, nor upon the square.

It is hoped that the citizens take kindly to this regulation, because if automobiles or vehicles are allowed to park as usual, it will spoil the Welcome Home Celebration and the officers are sure that that county recognizes the spirit of the day and will cheerfully abide thereby.

### INTEREST GROWING IN COMMUNITY COUNCIL

Permanent Organization to be Perfected Soon—Organizations Should Send Names of Representatives to Secretary.

In spite of the busy days thru-out the county, interest in the Morgan County Community Council is growing. Woodson has organized and is planning to sell buttons of membership to raise any necessary funds. Chapin visitors were here Saturday afternoon seeking all information obtainable on the subject of organization and plans.

Each precinct in the county has been asked to organize a local or precinct Community Council, by having its different organizations, clubs, churches, school authorities, lodges, unions, etc., elect a representative to the local Council. The Chairman of this precinct Council will then represent his (or her) precinct in the County organization. Jacksonville, therefore is speeding up her own organization before sending out the call for the county representatives to convene at a county meeting for the purpose of perfecting a permanent Community Council.

Many letters have been sent out to organizations in Jacksonville, asking each to elect a representative to the Community Council. It has been the purpose to write to every organization in the Jacksonville precinct that is seeking to do service and which is non-political. If any such organization has been overlooked, the members will confer a favor upon the members of the temporary committee of the Community Council if they will elect a representative to the Community Council and notify the Executive Secretary, Mrs. Sherman Leavitt, 907 West State street; Illinois phone, 558. Every organization that has not elected its representative can help by doing so at once, if possible, and notifying the secretary, so that when the call is sent out for the local meeting of representatives all may be promptly notified.

A plan of organization is being drafted by the temporary committee. This plan or form of permanent organization will be presented to the representatives at the first local meeting for consideration. A number of organizations have elected their representatives, others have signified their intention of doing so, and the list is growing with each day. It is the earnest hope of the temporary committee that every organization that is entitled to send a representative to the Council will do so, in order that the Council may be truly representative of the community in every phase of its efforts at self-betterment. The message of the temporary committee of the Community Council to every individual in Jacksonville today is this: You are a part of your community. Its welfare is your welfare. Its welfare is part of the welfare of the nation. Everything that happens in your community will affect you, for better or for worse, according to the part which you play.

#### HAROLD BRENNAN AT HOME

Another home has been made happy by the return of Harold, son of John Brennan, after a long time service. The young man enlisted Dec. 6, 1917 in the air service at Indianapolis and went first to Fort Thomas, Kentucky, and next to Camp Taylor, Louisville. His next stop was at Camp Hancock near Augusta, Georgia, where he remained for some time. Feb. 18 he went to Camp Merritt, New Jersey and shortly after March 4th, sailed on the great steamer, "Leviathan" and arrived at Liverpool the 12th. Then he went to Southampton and thence to LaHavre, France and next to Bois, then to Issindoun, where he was stationed for a good while and then went to Verneuil where he spent nine weeks salvaging useless machines and fixing them for the best possible returns. He arrived in Hoboken again crossing on the same great steamer that took him over. He said there was a crew of 2250 men and passenger list of 14,300.

He is looking very well and says he wouldn't take a great deal for his experience. He thinks France a beautiful country (tho he was saddened by the awful devastation by the Huns. He was greatly pleased with his visit to Paris where he took in many of the leading sights. Among them were the great canal sewers in which he was lost for a time. The Champs Elysee, Notre Dame, Hotel Invalide, Grand Opera house and many other sights which he will always remember.
